

Security and Fraud

Welcome to the Boatxchange.com online security information page.

Please be aware of fraudulent online activity. Don't allow yourself to be a victim. Try to remember these three simple rules;

- 1) When an offer looks too good to be true, it probably is.
- 2) Fraud deals may involve shipping, wire transfers, or cashiers checks. Use proper financial and legal processes for your purchase.
- 3) We DO NOT offer Buyer Protection or Seller Certification, this is your responsibility as a consumer.

Please report any suspicious activity to info@boatxchange.com

Online criminals target customers who allow themselves to be victims, this includes the marine industry. We encourage you to make your online experience safe and secure.

When buying anything online, the possibility does exist that it could be a scam. You could see seller scams, buyer scams and have likely heard and seen of many other types. Always remember to verify a buyer or seller.

Some great sites with a lot of additional information about online security can be found at:

The FBI / NW3C (Internet Crime Prevention Tips) -

<http://www.ic3.gov/preventiontips.aspx>

The RCMP (Scams) –
